

SUPPORT TOP
 COMFICOIL BONNELL SPRING

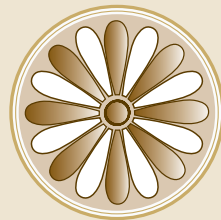

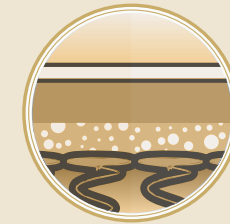

Classic Support Top

Additional layers added to the Support Top to provide you with a comfortable and firm finish.

Comfort Layers

Layers of long-lasting foam and fibres, chosen for their strength and durability ensures a comfortable sleep surface for a great night's sleep.

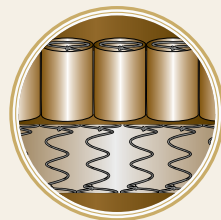

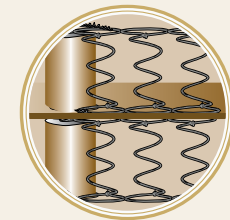

UltraCare

Antimicrobial mattress fabric protection which keeps you safe from the development of:

- Fungi and mould
- Bacteria and bad odours
- Allergens

Dual Edge Support

Placed around both the spring systems it reinforces the mattress edge and increases your sleeping area by preventing the edges from sagging.

ComfiCoil Bonnell Spring Unit

The best of both! Top layer of ComfiCoils increases edge-to-edge support, stability and strength which eliminates partner disturbance. Underlying core of Bonnell Springs provides your body with durable, resilient support.

778 Springs in a queen size.

Dual Insulator Pad

Superior insulator pad placed above, in between and below the spring systems it eliminates spring feel and comfort layers from shifting for lasting, consistent comfort.
